Berrien, Coffee and Terrell counties...

More State Routes Getting Refreshed Striping, New RPMs

Weather permitting, Georgia Department of Transportation contractor Ozark Striping Co. will be refreshing the striping and/or replacing raised pavement markers (RPMs) in Berrien, Coffee and Terrell counties beginning Monday.

Refreshed striping and new RPMs are brighter and easier to see, especially at night and in inclement weather, which can help motorists stay on the roadway and in the proper lane. In addition, the contractor is using a high-build wet weather paint, which provides better reflectivity when there is water on the road.

This is a slow-moving operation that requires rolling lane closures. Motorists are asked to use caution and reduce speed when approaching the work zone. Please do not pass the work truck or trail/buffer vehicle, change lanes behind the truck or trail/buffer vehicle or swerve back and forth to see around the trucks.

The work schedule is 8 a.m. to 6 p.m. Monday through Friday, Aug. 8-12, in the following counties:

Berrien County

- SR 76, from Davis Street to SR 135/Lakeland Highway, renew edge and center lines
- SR 168, from Davis Street to the Lanier County line, renew edge and center lines

Coffee County

- SR 135, from Cherokee Hills Road and from Cherokee Hills Road to the Jeff Davis County line, renew edge and center lines

Terrell County

- SR 32, from Rountree Drive to the Lee County Line, renew edge and center lines, replace RPMs
- SR 118, from East Lee Street to the Lee County line, renew edge and center lines, replace RPMs
- SR 55, from East Lee Street to the Lee County line, renew edge and center lines, replace RPMs

- SR 50, from the Randolph County line to Rountree Drive, renew edge and center lines, replace RPMs
- SR 49, from Plains Highway to the Sumter County line, renew edge and center lines, replace RPMs
- SR 45, from the Calhoun County line to Rountree Drive, renew edge and center lines, replace RPMs
- SR 45, from SR 520 to the Webster County line, replace RPMs
